

Emergency Action Plan

South Four Soccer

Effective Date: December 2023

Emergency Action Plan Policy

South Four recognizes that serious injuries or accidents are rare, and that we take the necessary steps to be ready to deal with them if and when they should occur.

Action Steps

- Formal training in first aid and CPR for all team staff will give you the confidence and knowledge you need to deal with emergencies effectively
- Maintain a complete First Aid Kit to help you deal with minor injuries
- Develop an Emergency Action Plan and have it accessible so everyone involved is clear on their responsibilities.
- Designated key individuals to carry out the plan (i.e. the person in charge, and the call person).

Person in Charge

The person in charge should be the one who is most qualified in first aid and emergency procedures.

This individual will:

- Know what emergency equipment is available at your facility
- Secure a controlled and calm environment
- Assess – and tend to – the injured player
- Direct others involved until medical personnel arrive

Call Person This individual will:

- Keep a record of emergency phone numbers and know the location of telephones in the facility
- Make the telephone call for assistance
- Guide the ambulance (if required) in and out the facility

Emergency Contacts:
